## One Piece of Trash

Litter is the worst, am I right?

Well, maybe not the absolute worst, but I think I can safely assert that most people will agree that litter is pretty bad. Unsightly at best. I think most folks try to keep tidy, at least if nobody is looking. I've seen many who will stop and retrieve some item of refuse that has inadvertently fallen.

And yet, we have litter around: cigarette butts, wrappers, bottles and cans.

A challenge: let's each take a few moments out of our day to help us all out by picking up and properly disposing of just one piece of trash. There's nearly 2000 people in our neighbourhood - imagine how tidy it will be after just one week!

What a great example to set for those of us who maybe have not been as conscientious of how their actions affect the world around them thus far. When people see others making this simple altruistic gesture, they will think twice about discarding that candy wrapper on the ground.

A disclaimer: please protect yourself and don't handle medical or chemical waste without proper protection.

Finally, please pick up after your dog.

## Membership Drive

Membership fees may be paid at the Easter Egg hunt or to community volunteers who will be coming door-to-door later in the spring.

Membership fees are our major source of income, which allows the Glenayre Community Association to host events like the Easter Egg Hunt, pancake breakfast, and Halloween Fireworks for the Glenayre Community. The cost is \$15.00 for each Glenayre household and \$20.00 for an Associate membership (we mail out the newsletter to Associate Members).

For those of you not attending the Easter Egg Hunt, there will be volunteers coming around to your home.

If you are interested in volunteering for a few hours to help collect the membership fees, please contact Zac Jacobson at 604.999.9178 or [zjacobson@myglenayre.ca](mailto:zjacobson@myglenayre.ca)

## Share the Road

Please don't use the fact that it's lighter out and things are starting to dry out to slack off at obeying the neighbourhood speed limit of 30 km/h, which is in effect **all the time!**

As temperatures start to rise (in February!), drivers should expect to find more pedestrians and cyclists out. Those outside of their cars should remember that they can be difficult to see in the dark, please wear something reflective when out and take the time to make eye contact with drivers before venturing out in front of cars.
